7. Evaluating Progress Toward Measurable Goals MCM 6

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Provide information and training on hazardous material handling and storage techniques, spill prevention, spill response, and proper waste disposal to reduce the risk of stormwater pollution.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Hazardous materials were stored indoors or undercover on impervious surfaces. Tanks and other storage containers have secondary containment and are routinely inspected. Used motor oil/filters, solvents, soiled rags, paints, thinners, and other hazardous materials were collected and disposed of by a licensed waste disposal contractor.

C. How many times was this observation measured or evaluated in this reporting period?

365

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

● Yes ○ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

● Yes ○ No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

Hazardous materials will be responsibly handled, stored, and disposed of to reduce potential for stormwater runoff pollution. Employees will be provided with information and resources to safely manage hazardous materials.
