MS4 Annual Report Form

This report is being submitted for the reporting period ending March 9, 2017

If submitting this form as part of a joint report on behalf of a coalition leave SPDES ID blank.

Name of MS4/Coalition: City of Saratoga Springs

SPDES ID: NYR20A216

12. Evaluating Progress Toward Measurable Goals MCM 3

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

To help detect illicit discharges, collect stormwater samples from areas having greater potential to generate pollutants such as downtown business district, neighborhoods with older infrastructure, and locations with recurring sewer-related problems or complaints. Test water samples for Pollutant(s) of Concern, or based on the results of field investigations.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

(3) sampling events were conducted (July, October, February) that included sewer system discharge points of sixteen sub-drainage areas in inner-City district where infrastructure is older. Lab tests were conducted to determine presence of fecal coliform since pathogens are a Pollutant of Concern.

C. How many times was this observation measured or evaluated in this reporting period?

3

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

● Yes ○ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

● Yes ○ No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

Sewer mapping in areas outside the City's inner district will be updated as manpower and resources become available.
