7. Evaluating Progress Toward Measurable Goals MCM 4

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Insure erosion and sediment control measures are installed and maintained by verifying the project owner regularly inspects their construction sites and file reports. The City shall also conduct periodic inspections and take enforcement action for noncompliance issues.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

A total of twenty three (26) active construction sites were regularly inspected by the project owner with periodic inspections by trained City staff.

C. How many times was this observation measured or evaluated in this reporting period?

26

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

● Yes ○ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

● Yes ○ No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

City will continue to monitor construction sites to insure adequate erosion and sediment control measures, site inspections, and General Permit compliance.
