

The Rural Design Workbook:

Rethinking conventional development

A showroom of creative design solutions for real properties that protect and preserve the rural environment, with strategies, funding sources, and ideas that can make it work for you and your community.

Funding for the Rural Design Workbook & Clinics was provided by:

Section 604 (b) of the Federal Clean Water Act
and the participating counties

Project Team:

Coordination: Jennifer Green Fais, STC Principal Planner

Site Designs: Prof. Marvin I. Adleman and the landscape architecture
students of Cornell University

Production: Denis J. Chagnon, Landscape Architectural Consultant.
